

The Best-Kept Secret in Health Care

No Drugs or Surgeries Required

As an Upper Cervical chiropractor for the past 20 years, I have been able to help thousands of people from all over the world get their health and their lives back without drugs or surgery. I am a doctor first and foremost, but in my mission to spread the message of Upper Cervical care I have written a soon-to-be published book, speak to groups all over the world and teach students and doctors the skills to master the art, science and philosophy of becoming an Upper Cervical doctor. There are still a lot of people suffering needlessly because they don't know the "Best-Kept Secret in Health Care". It is time to let the secret out!

Media Experience:

- Ask Dr. Ray weekly radio show
- The Power of Upper Cervical documentary
- Multiple appearances on local television - Charlotte Today, Healthwise, local news
- Created and starred in two infomercials
- Interviewed in local newspapers - Charlotte Observer, Gaston Gazette
- Created and starred in Upper Cervical Care educational videos

Story Ideas

- **The Biggest Health Epidemic Nobody Knows About: A Bone in Your Neck Could be Interfering with Your Body's Ability to Heal**

A home test your audience can do to see if they might have this silent killer.

- **The #1 Cause of Death in the U.S. is Our Primary Form of Health Care**
764,00 people die every year from following their doctors instructions, equivalent to six jumbo-jet planes crashing every day! How to get well and stay well without becoming a statistic.

- **What Your Doctor Doesn't Know Could Be Killing You**
The biggest epidemic on the planet and the three warning signs to look for.

- **Do You Really Think a Headache is CAUSED by a Tylenol Deficiency?**
Why treating the symptom will never fix the cause of the pain.

- **America Makes up Less than 5% of the World Population yet We Consume 80% of the World's Supply of Painkillers**
Why masking the pain could slow down the healing.

- **Health Does Not Come in a Pill, Potion or Lotion**
Everything you need to be well and stay well is inside of you. It doesn't need any help just no interference.
- **Why Symptoms are GOOD**
Survey the audience and use a demonstration like a hot plate to explain why symptoms are good.
